

Kids Friendly Christmas Resources

Christmas Kids Club – Connecting with Community Children – this is part of a new resource I have recently written called **Kids Club – Connecting with Community Children**. A one-off community outreach Christmas event is a great way to share the “real reason for the season” with the children of your community.

Christmas Games and Quizzes – hot off the press! This resource helps you share the Christmas story in lots of fun and memorable ways. Throw a couple of games into pageant rehearsals to keep kids interested.

Christmas Crafts – again hot off the press! I’ve spent hours surfing the net and copying and pasting crafts that look good into this resource. I haven’t tried them myself yet, but there’s lots to choose from to keep your kids busy and interested.

A Kids Friendly Advent – I wrote this resource in 2006. It includes ways to involve children in the Advent worship service, children’s stories on the Advent themes and craft activities to do during the children’s programme/Sunday School. It also includes a take-home family Advent calendar activity.

To order any of these resources email
jill@sthelierschurch.org.nz

A Christmas Musical Extravaganza – Wellingtonian Julie Young has contacted me to say she has written a Christmas musical for primary and preschool community children. Says Julie: *"I wrote this musical to involve children from our outreach programmes. The children loved performing and all their families and friends flocked to see it and heard the true Christmas story!"* Julie is making it available to other churches. The whole package of music and information CD's and a DVD of the performance are available for \$95. For more information email julieyoung@paradise.net.nz or see the order form attached.

Wishing you a wonderful and uplifting Christmas season. Jill

If you do not wish to receive Kids Friendly resource emails or you are on dial-up, please alert me by return email.
