

Going Global Myanmar

January 8 – 22, 2020

### What is Going Global?

Going Global 2020 is an exciting opportunity for members and friends of the Presbyterian Church of Aotearoa New Zealand to share in mission in Myanmar, through the partnership that the PCANZ has with the Presbyterian Church of Myanmar (PCM). Together they'll learn about each other's lives, culture and faith, while serving in mission in a local Myanmar community.

### The Aims:

The aim of Going Global Myanmar is to *inform, educate, encourage, and inspire*:

- 1) To *inform* participants about the culture and missional context of Myanmar
- 2) To *educate* them about the partnership between the PCANZ and the Presbyterian Church of Myanmar
- 3) To *encourage* team members to learn about the riches of cross-cultural engagement and to participate mission.
- 4) To *inspire* them to broaden their understanding of mission and respond to the call of God in their lives, wherever God leads.

Going Global is a relational approach to short-term mission. We learn a lot by being with others, hearing their stories, observing and participating in their way of life and daily rhythms. It is an opportunity to see and experience first-hand the life and culture of Myanmar, and to share with those who live their lives and their Christian faith in a completely different context to their own. Participants will be stretched and challenged as they face stark social and economic realities; and will be led on a spiritual journey, discovering a new understanding of what it means to follow Jesus Christ in the diverse, multi-faith world we live in today.

### The Programme

Going Global is also a formation learning experience. As a team we will participate in modules about mission, such as the theology of mission, mission as partnership, development, community building and cross cultural awareness.

"Dwelling amongst" is a major aspect of the trip, and some of this will take the form of spending time with students at Tahan Theological College (TTC), sharing in their classes, worship and recreational time. The TTC students range in age from 18-25, and include both male and female students. A significant component of the programme will include helping students with conversational English, and contributing in other ways depending on the talents of team members.

### **PCANZ Personnel on Staff at TTC**

PCANZ minister Rev. Helen Harray and her husband Wayne serve on staff at TTC, and they will help to manage the programme on-site and offer guidance and support to the team. In turn, team members will learn about Wayne and Helen's work and learn about the mission partnership between our two churches.

### **Serving in Mission:**

As with most cross-cultural trips, serving others will play an important part. While much of the trip will include observing and learning, participants will need to show mature Christian leadership and will be expected to serve in various ways. This will involve teaching opportunities, faith sharing and worship throughout the course of the trip.

Other activities will include learning about the culture of Myanmar and context of the Christian community there, visiting churches, local markets and some tourist attractions including Shwedagon Pagoda in Yangon. Participants will also learn about the PCANZ's partnership with the PCM and visit projects funded through the Ricebowl Mission.

### **Cost**

The cost of the trip is \$3,000, including NZ domestic flights.
