Supporting Mission in India

The Presbyterian Church of Aotearoa New Zealand has supported Christian mission in India for over 100 years. Thousands of lives have been changed through the sacrificial ministry of pastors, doctors, nurses, and teachers.

The mission context in India is changing, but it is still a land of great need. United Nations statistics estimate that 40% of the world's poorest people live in India. In a nation of over one billion people, that means 400 million live below the poverty line.

We work with our partner church, the Church of North India, to support mission to promote the gospel and improve the lives of those they work with. You can help by sharing your resources to support in their ministry.

Donating to the Spice of Life:

Scholarships for students from low-socio-economic families.

One way out of the poverty trap in India is education. The Church of North India offers placements in their hostels and schools for children whose parents cannot afford the costs of their children's education. Your donation can help send a lifeline for disadvantaged young people to escape the poverty trap.

Scholarships for Nursing Students to study at the Christian Hospital School of Nursing in Jagadhri.

This highly respected institution helps nursing graduates gain an excellent qualification as they study in the context of a caring, Christian environment.

Community Ministries for the Poor.

The Church of North India runs night shelters for the homeless, offers ministry to children in the slums, and whose parents are caught up in the commercial sex trade. Your donations can help bring hope to those in troubled places.
