We're looking for our next Minister

Our growing, contemporary, innovative church is looking for a full-time minister to lead us in our mission to help people find and follow Jesus. We are family orientated, committed to encouraging each other in spiritual growth and to using the gifts God has given us. Our diverse membership recognises the bi-cultural partnership of Aotearoa New Zealand and we want to develop this aspect of our Christian life in Waitara. Our new minister will have the opportunity to encourage and develop our mission using their teaching and preaching abilities, passion for prayer, and leadership and facilitation skills. If you feel your strengths and abilities align with who we are we look forward to hearing from you.
