As a church, we would like to support Press Go by contributing a 1 percent return on investment assets, as endorsed by General Assembly 2008.
For example, if you have \$100,000 saved in a PIF account, earning 6 percent interest, you could choose to contribute 1 percent of the capital, or \$1000. You could also think of it as contributing 1 percentage point of your investment income. You are welcome to contribute more or less - just tick one of the boxes below and indicate the amount. We will be in touch with you to confirm payment options.

We would like to make a one-off donation of \$
